## NEW CIGAR COMPANY FORMED OUT OF OLD ONE

Backed up by a popular good will extending far beyond Lake county, and a product of distinct merit, the La Vendor Cigar company of Hammond has been incorporated with a capital stock of \$15,000.

Its directors are Auditor-elect Ed Simon of Hammond, founder of the business; William Wolter, Hammond's outgoing city treasurer; Chris Lassen, a prominent business man of Cedar Lake, and John B. Faulkner of Michigan City, state senator and editor of the Michigan City dispatch.

There are a few other holders of the 150 shares of stock, of which, Ed Simon, however, owns seventy-six. Mr. Simon is also the president and treasurer of the corporation.

By the 15th of next month the company hopes to be located in its new factory building at Hohman street and the Wabash tracks in Hammond, where a \$7,000 structure is nearing completion.

The building stands on a thirty-eight foot lot and is one story in height, but its walls are strong enough to support a second story. A basement is to be added as soon as a deep sewer is provided. By next summer it is expected that a working force of forty or fifty persons will be employed. At the present time the force in the Huch building factory is composed of about twenty employees.

Louis Brown, an experienced cigar manufacturer, formerly of Grand Haven, Mich., has been retained as the manager of the plant. Mr. Simon will, however, maintain a supervision of the business as much as his time in the auditor's office will permit.

Speaking of Mr. Brown, the Grand Haven News says:

"Louis Brown, one of Grand Haven's real 'live wires,' has disposed of his cigar factory and retail cigar and tobacco store in Grand Haven and will leave next week for Hammond, Ind., to become manager of the La Vendor cigar factory in that city."

gar factory in that city.

"Mr. Brown has been in business in Grand Haven since 1907, and during that time he has been making friends by the score. His decision to leave the city is being received with the greatest regret both by business and social friends."

"Mr. Brown is one of the men whose hustler and progressiveness has kept Grand Haven on the map, and his popular store on Washington street has been a favorite place since it opened in 1910."

"Among the fraternal orders to which Mr. Brown belongs are: Elks, Knights of Pythias, Eagles, Arbiter Veretins and Moose. He is a charter member of the Elks."

Mr. Simon and his company will continue to specialize in La Vendor and El Cardo cigars, two brands which Mr. Simon has made extremely popular.

### CHICAGO TELEPHONE CO. ISSUES DIRECTORY TODAY

Telephone subscribers in Gary, Hammond, Whiting, Indiana Harbor, East Chicago, Lansing and Lowell are included in the new telephone directory issued today by the Chicago Telephone company.

Heretofore Gary has had its own directory and Hammond, Whiting, East Chicago and Indiana Harbor comprised another one.

### NEW LAWSUITS ARE BEGUN

Three corporations are made defendants in as many suits filed in the superior court for damages.

Mrs. Agnes Majewski through her attorneys, Batteiger, Tinkham & Tinkham, is suing the Indiana Steel company of Gary for her husband's death, which occurred last June. He was employed as a metal pourer in the plant.

Burr L. Drake asks damages of the Green line for alleged injuries which he says he received a year ago last October, when a car ran into the wagon on which he was driving. He is represented by the law firm, Moran & Dren.

Louis Dittick, a former employee of the American Potato Machinery company, asks damages for an injury which he says he received while operating a milling machine for the company. He is represented by Attorney

H. E. Granger.

### W. J. McALEER WOULD NOT BE CANDIDATE

Political dopesters in compiling the list of prospective candidates for county offices next year have included the name of Attorney W. J. McAleer of Hammond for the superior court bench in room three.

The report has been embarrassing to Attorney McAleer as the judgeship in any court has never been considered by him for a moment. He has been approached by his friends on the subject and to all he gave the same answer, to the effect that he appreciates their good will, but that under no circumstances would he consider being a candidate for any court. To head off any further rumors he has asked THE TIMES to quote him as saying that he is not a candidate.

### FRED WHEELER TO QUIT THEATER AND TAKE EDITORSHIP

It is rumored in Gary today that Fred Y. Wheeler, manager of the Gary theater, will leave Gary the first of the year for his former home in Crown Point, where he will resume the managing editorship of the Lake County Star. Mr. Wheeler has made many friends while in Gary and if the report is true will be sorry to see him leave Gary. Mr. Wheeler and his family reside at 543 Jackson street.

voted to china painting and as an artist in this line she ranked among the best in Lake county. Her annual holiday displays were very popular and each year added to her reputation as an artist. Until her illness she had received many of her customers at her home who came there to make selections for holiday gifts.

Mr. and Mrs. Eder had no children. She would have been 25 years old on her next birthday, February 7. Mrs. Eder was born at Ainsworth in Lake county, but with the exception of one year at her birthplace, and five years in Hammond, she spent all of her life at East Chicago.

### A BAS LES CIGARETTES

The firm of Golden Brothers, transfer line has put the ban on the cigarette and started the old agitation anew. "I have made a thorough test," said Levi Golden of the management today, "and I find that the young men who smoke cigarettes are deficient in memory and cannot be trusted with important work so well as others. That is because they have used them during boyhood and the habit has sapped their vitality and stunted their growth."

advice, though reluctantly, and returned in the evening to find her very ill. Her condition grew rapidly worse and the skill of four physicians and a nurse was of no avail. By Saturday noon her life was practically despaired of, and only by putting forth a supreme heroic effort with the aid of stimulants did she live through the afternoon and evening. She had had constant medical attention since Friday forenoon and the four doctors who were in consultation on the case left nothing undone in medical science to save her life.

Mr. and Mrs. Eder were married five years ago last September. She was the daughter of Mr. and Mrs. Frank W. Clinton of East Chicago, and in addition to her husband she is survived by her parents and four brothers. A year ago December 27 she lost her sister, Mrs. Alice Renek of Muskegon, Mich., through illness.

Although Mrs. Eder devoted little or no time to club life, she had scores of friends in Hammond and East Chicago who greatly deplore her untimely death. Most of her spare time was de-

System

**The Long Distance telephone is an important factor in locating people in emergencies.**

In the absence of the name, Bell operators can often find parties wanted if furnished a street address, occupation or other means of identification.

Messengers are on duty at railroad stations and other centers, and are frequently able to intercept travelers by description and bring them to a telephone. Toll charges on such messages are no higher than ordinary rates for the service rendered, and in most cases the results cannot be computed on a money basis.
